Dear sirs;satellite radio provides me with a variety and quality that are not available in my area. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve. The ability to get the important information whenever and wherever I am is crucial to my travels. Thank you for your time
